C.S. 3/1/42

My dear Kesavaiengar.

I have just received the Government Order No.W.1394-1406 dated the 29th December 1941 - constituting a Central and ~~and~~ other Sub Committees in regard to the A.R.P. Scheme in the Mysore State.

In this connection I may be permitted to state that the General Manager, Mysore Iron and Steel Works is in charge of all the arrangements at Bhadravati and is in more intimate and daily touch with the work. I get periodical reports of the general and more important features and I feel that it would be more useful if he were appointed a Member of the Central Committee and Engineering Sub-Committee in my place. He will be able to represent better the conditions at Bhadravati and translate decisions of the Committee into action much quicker.

If this view commends itself to Government, necessary changes may kindly be made in the Government Order.

Yours sincerely,

M. Venkatanaranappa

The Personnel of the Central ARP (Advisory) Committee and the various Sub Committees were recommended by the I.G.P. and his proposal was approved by Govt. It is seen that excepting the G.M. M.S. Rly. all the officers are local officers and the meetings are to be held at the office of the I.G.P. at Bangalore. The G.M. Iron Works has already been appointed as the ARP Controller for the Bhadravathi Area and it may not be possible for him to attend the meetings at Bangalore once a month. The Chairman is only in the Central Committee and the duties are also specified which are of a general nature. As such no modification seems to be necessary. Submitted for perusal and orders.
